An M3e Tournament

Saturday 20th May 2023
Wig & Pen Pub, Oxford

Welcome to the first ever Oxford Outriders Malifaux Tournament. We are a local gaming group with a growing community that wants to not only play but host more and more Malifaux games. Held in the centre of Oxford in the function room of a pub (so grab a pint whilst you play)

The more the merrier so spread the word.

We hope you join us for this and help us to expand further into the tournament scene and host more in future

The Tournament Format

This event will follow the guidelines, Strategies & schemes in **Gaining Grounds Season Three**, with the following exceptions;

Proxy, Conversion, and Painting Rules

Proxies are allowed as long as they are appropriate representations of the model they stand for. Wyrd models may only be used to represent what they are, unless they are converted. Please check in advance with the organizer for suitability. Unreleased models must be represented by a suitable model/proxy – inc. alt Title Masters

Models must be assembled (glued) and fixed to the appropriate size base. The minimum painting requirement is an undercoat. However, there will be a prize for the best painted **Minion**.
